What is Star Homework?

- Star homework allows you and your child to choose how much homework they will do nightly.
- Your child can choose to do one star or up to 3 stars per day ! A minimum of 4 stars per week is required. Earning more than 4 stars can qualify students for rewards on Friday.

Math Practice

Your student will be bringing home a fact practice sheet with instructions on how to time work. If you have internet they may choose either Xtra Math or a Scoot Pad Math lesson. Students will be taught in class how to use these online programs. **ONE** choice per day earns a star.

Read

Students must read **15 minutes to earn a star**. They may choose to read a book or if you have internet they may choose a Scoot Pad Language Arts or RazKids book to listen to or read to earn a star.

- Students may have additional required reading assignments included in their homework folder as needed

Word Work will be added at a later Date!!!!!!!!!!!!

Word Work

Students will select one of the five activities each day to earn a star. Activities are described on the back of this sheet.

Word Work

About Our Word Work

Your child will be bringing home a collection of spelling words weekly that have been introduced in class.

Each night of the week your child is expected to do a different activity to ensure that the words and the spelling principles they represent are mastered. This will earn them a star for star homework.

These activities have been modeled and practiced in school, so your child can teach you how to do them. However, there are explanations to help you as well.

It is important that the students do have your help in order for them to complete some of the word work activities correctly. Please help them if needed.

Thank you for your support. Together we can make valuable progress! 😊

WORD WORK ACTIVITIES

Cross out the activity after you have completed it and bring your work to school with you to turn in.

Basic Word Sort:

Sort words based on spelling patterns. You should read aloud the words during this activity and be able to explain why the words are sorted in a particular way.

Challenge Sort:

Just like sort above but sorts words according to meaning, syllables, types of speech or other reasons.

Word Hunt:

Look for words in book that match the spelling pattern of your words.

Alphabetize:

Place each word in ABC order. If more than one word starts with the same letter, you will have to look to the 2nd or 3rd letter.

Sentences:

Write words in complete sentences.
